

**Audio Production
MO SkillsUSA 2022
Tool List**

Supplied by the contestant:

- Portable digital audio recorder with removable recording media
- Microphone with audio cable
- Method of importing digital audio from field recorder to editing system
- Audio editing software/system (use of laptops is strongly encouraged)
- Pencil
- USB flash drive
- Scratch pad for notes
- Headphones (not ear buds)
- Production music CD
- Surge protected power strip
- One page, typewritten resume

Notes:

- Save on a USB Flash Drive labeled with team name in either “high quality” MP3 or CD Quality Audio (16Bit-44.1K). The contest submission should be the only thing on the Flash Drive.
- Production music is not commercial music purchased in stores. It is music created for use in audio and video productions. Some production music companies are: Music Bakery, Production Garden, TM Studios, and Omnimusic. Production music may also be created using program such as Garage Band, Soundtrack, or ACID.
- All music/sound must be copyright legal. It is likely that one computer will satisfy the equipment needed for both editing and recording.

Supplied by the technical committee:

- Theme and objective for production.
- Facilities and power to edit final product.
