

TEST RESOURCES & TIPS FOR ACCUPLACER

Accuplacer's Website

accuplacer.org

> **Accuplacer Learning Resource Portal** - at the website above, click the Information for Students button to go to the student portal. There you will find learning resource videos, practice tests, and test taking tutorials.

> **Accuplacer practice questions** - this practice resembles the real testing environment (including calculator & highlighter functions) & features Learn as You Go & the ability to save practice test history:
<https://accuplacerpractice.collegeboard.org/login>

> **Accuplacer official study questions** - there are many free practice tools and resources to help you prepare to succeed on each of the Accuplacer sections:
<https://accuplacer.collegeboard.org/students/prepare-for-accuplacer/practice>

> **Use the link and code from your score report**

If you have previously tested, at the bottom of your score report there is a website link from Accuplacer:

<https://accuplacer.pearsonperspective.com/perspective>

you will see a Learning Locator Code for each section:

(ex: for reading): READ02

Enter that code at the link and it will give you access to more free resources and practice tests from Accuplacer

State Tech's Website

statetechmo.edu/testing

> State Tech's Academic Resource Center (ARC) and Library have several free study resources.

- **Accuplacer**: go to the web address above, click Accuplacer, then scroll down to Accuplacer Test Prep. The ARC has a video with tips and tricks:
https://www.youtube.com/watch?v=TzCF_vlOwnAGt=4s
as well as, a link to information, and free practice tests
<https://statetechmo.edu/accuplacer-testing-resources/>

> **Learning Express Library** - statetechmo.edu/library. scroll down to the Learning Express Library dropdown. Click on "Future student? Click here - register as a new user (it's free)"

- **Accuplacer**: type Accuplacer in the search bar>Enter. Choose Accuplacer Reading Practice Tests, Accuplacer Writing Practice Tests, and Accuplacer Quantitative Reasoning, Algebra & Statistics Practice Tests (which is the math for State Tech)

Search and Research

YouTube & Google

> **Accuplacer** - There are lots of videos with tips, and study resources if you search. On YouTube for Accuplacer search:
- Michael Toohey or TabletClassMath (for quantitative reasoning, algebra & statistics)
- Caz Academy (for reading & writing).

> You can also search any kind of Accuplacer testing tips, just be sure that you're selecting reliable sources - many of which have reviews - do your research. For Accuplacer math make sure you search "Quantitative Reasoning, Algebra, & Statistics".

> Tip for Math: plug the answers into the equation to find the correct answer.

> Tip for Reading & Writing: use the highlighter tool. Read the answer then use the highlighter to mark key words in the passage then reread.
