ATI TEAS FREE STUDY RESOURCES

Learning Express Library

1. Go to the State Tech website: https://statetechmo.edu/library
2. Scroll down & under Databases & Articles click the drop-down arrow by Learning Express Library & click on link
3. Click on Future student? Start **here**!
4. **(For Prospective Students)**: At top of the page, click

5. Then under New User: click Register (it's free) 
6. Complete New User registration with your preferred credentials
7. On the "My Center" page, type TEAS in the search bar at the top of the page and hit search

This will populate a selection of practice tests, microlessons, games, and more for each area of study designed to help students prepare for the TEAS exam.

1. **(For Current State Tech Students):** You can also click on: Future student? Start **here**!
2. At the top of the page, click

3. Click Access through your institution,

4. Enter your State Tech email and authenticate
5. On the "My Center" page, type TEAS in the search bar at the top of the page and hit search

This will populate a selection of practice tests, microlessons, games, and more for each area of study designed to help students prepare for the TEAS exam.

(Current & Prospective Students): You can also go to any search browser and type in the following to find related videos and information that you can review and study:

TEAS 7 FR R. for reading examples

TEAS 7 FR M. for math

TEAS 7 FR S. for science

TEAS 7 FR E. for English

If you've tested before, use the info from your score report. Type in the full and exact sentences on your summary with the TEAS info that follows and you will find study information over the specific areas you need to review

Things to know:

- Before test day be sure to go to atitesting.com and create your ATI account and bring your username and password with you on the day you test. When you create an account, be sure to select: State Tech College of MO– AH
- You are only allowed three attempts in an academic year (July-June)

Learning Express Library is an EBSCO product completely independent of the ATI institute - none of the activities will have any bearing on exam access, results, or the student's State Tech's admission or program placement.
