These adjustments were made with careful consideration and with every effort to keep increases as minimal as possible. In fact, this is the first increase to membership rates in more than 10 years.

During this 10-year period, we have made a number of upgrades to the Klebba Activity Center and are excited to announce the next phase of improvements. We recently completed upgrades to our multipurpose room and are now preparing a similar facelift and expansion of the fitness center, including the addition of new loaded weight machines. These enhancements are part of our ongoing commitment to providing a modern, high-quality experience for our members and guests.

Our mission remains to provide exceptional recreational, fitness, and wellness opportunities for both the State Tech campus and the surrounding community. Through youth athletic programs, fitness services for all ages and ability levels, and opportunities for social engagement, we strive to create an environment that positively impacts the lives of our members and guests every day.

We recognize the importance of providing value in today's financial climate and remain committed to operating responsibly while continuing to enhance your experience at the Klebba Activity Center.

Thank you again for your membership and support. We look forward to continuing to serve you.

Sincerely,

Quinton Sallin: Activity Center Coordinator
