STATE TECH

CAMPUS RESOURCES

CAREER SERVICES

The Career Services department at State Tech provides a lifetime of service, assisting graduates in obtaining employment in occupations related to their education. 99% of State Tech graduates have found gainful employment or continued their education within six months of graduation.

ACADEMIC RESOURCE CENTER

The ARC provides free tutoring services to assist students with their general education classes. The ARC also offers study skills seminars on note taking, test taking, time management, and other topics.

COUNSELING

Counseling Services at State Tech promote the health, safety, and welfare of students through early intervention for personal and academic issues that affect student achievement.

LIBRARY

Conveniently located in the Dr. Donald M. Claycomb Information Technology Center, the Library offers information and research services, including reading and study space with a view of our beautiful campus from the two-story glass atrium.

BOOKSTORE

The State Tech Bookstore is located in the Dr. Donald M. Claycomb Information Technology Center and has everything students need including books, tools, clothing, school supplies, and more.

"We are honored to partner with State Tech to prepare the next generation of industry professionals. State Tech not only equips their students with hands-on industry experience, but instills professional values that align with the mission of Capital."

- Jayme Wilbers - Capital Materials

"We have a history of hiring students from multiple programs offered by State Tech. Our experience has been that the students are ahead of the curve in regard to training, work ethic, and professionalism."

- Bryan Diener - Melton Machine

"We've hired between 30 and 40 graduates in the past 4 or 5 years and the success we've had with their work ethic has been a great fit."

- Heath Sellenriek - Sellenriek Construction

"It is an honor to support the students at State Tech! At Capital Region Medical Center- MU Health Care, we know when we hire State Tech graduates, we are getting quality employees who will grow in their career and are poised to serve our community and their health care needs."

- Debra Deeken, DNP, RN, NE-BC - Capital Region Medical Center

HITACHI
Inspire the Next

"As the world's leading manufacturer of transformers, we are proud to partner with State Tech. We help create successful futures by championing students through internships and incredible career opportunities at our facility and across the country!"

- Greg Callahan - Hitachi Energy

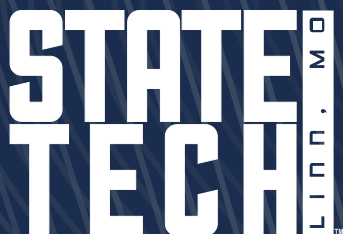

"At Rush Enterprises, we are always hiring talented service technicians, and we are pleased to be an employer partner of State Tech. We have seen from experience that State Tech's Medium/Heavy Truck Technology program provides valuable hands-on training, so their graduates are ready to begin their careers with an industry leader."

- Victor Cummings - Rush Enterprises

Custom Promotional Branding strongly believes that technical education plays a key role in the workforce development of our young adults and those looking to improve their lives. Getting such qualified workers quickly into skilled positions has such a positive impact for our future. We are proud to support State Tech of Missouri and very proud to have them as part of our Community!

- Jeff DeLong - Custom Promotional Branding

STUDENT SUCCESS

Eric Steinberg

Eric is a Washington, Missouri resident and a recent graduate of our Automotive Technology program here at State Tech. He has a very unique job—he's a driver for the BIGFOOT Monster Truck Racing Team! Eric travels all over the United States to perform. When asked why he wanted to become a BIGFOOT driver, his answer was simple: "I wanted to fulfill a dream!" He loves his BIGFOOT fans and hopes to see you at a race soon!

Elizabeth Gordon

Elizabeth graduated from State Tech's Medical Radiologic Technology program in May 2023. She moved to Baltimore, Maryland, in July 2023 to begin a five-month internship at The Johns Hopkins Hospital. In December 2023, she completed the internship and began her official career as a Computed Tomography (CT) Technologist. In February 2024, she passed her ARRT CT boards and became double board-certified. Elizabeth said, "The Johns Hopkins Hospital has been great to me, and I will always say that taking that leap of faith and coming to Baltimore was one of the best decisions I ever made. I will always give credit where it's due, and I have to include State Tech in this too. Without the knowledge and confidence I gained from my classes and instructors, I wouldn't have had the guts to apply and take the Hopkins job—nor be the tech I am today."

Colby Sims

After graduation, Colby began his career at a technology startup company specializing in Drone as First Responder programs. He now works for Amazon Prime Air, helping advance the future of drone delivery. Colby says, "I love the rapid growth of the drone industry and the advanced technology that is shaping the world as we know it. State Tech not only taught me the technical skills of drone operation and CAD, but also the importance of being dependable and delivering results no matter the job. These skills and experiences gave me the confidence to take on new challenges, adapt to rapidly evolving industries, and consistently contribute to the success of my team and organization."

Tyler Gosney

Tyler is a graduate of our Commercial Turf & Grounds Management program here at State Tech. He currently works for the Kansas City Chiefs on their Skilled Landscape & Field Maintenance crew, where he helps create a safe, playable, and aesthetic surface for NFL players. He also assists with stenciling and painting the Chiefs logo on the field. Tyler says he "credits State Tech's hands-on education and instructors for his success today!" Oh, and by the way—he has three Super Bowl rings!

STATE TECH

TUITION, FEES, & FINANCIAL AID

TUITION

Tuition is determined by the student's residency classification, the number of semester hours of enrollment, and program.*

In-State Resident	\$240.00/credit hr *
Non-Resident	Varies **
Heavy Equipment Operations In-State Resident	\$615.00/credit hr *
Heavy Equipment Operations Non-Resident	Varies **
Welding Technology In-State Resident	\$460.00/credit hr *
Welding Technology Non-Resident	Varies **

*The Board of Regents is responsible for the establishment of tuition, fees, and other academic costs. College fees, miscellaneous fees, and costs are subject to change without notice by action of the State Technical College of Missouri Board of Regents.

** Students qualify for the Out-of-State Scholarship with an ACT score of 18 and a high school GPA of 3.0 or higher.

FEES

Fees vary and are determined by program and the number of semester hours of enrollment. Funds from fees help support program expenses associated with equipment, material, supplies, technical assessment, student activities, and support services.

TOOLS & LAPTOPS

In addition to tuition and fees, there are specific tool lists and laptops for some programs. Program tool and laptop costs can range from \$300 - \$7,800. View your program specific tool and laptop lists by visiting statetechmo.edu/bookstore/tools/.

67% of our students are A+ eligible.

A+ covers all tuition and standard fees regardless of program.

FINANCIAL AID

Financial aid is available to qualifying students to assist with the cost of attendance. To apply for federal financial aid, you must be an eligible, degree or certificate seeking student. It is recommended that you complete a State Tech Application for Admission before beginning your financial aid application. It is also recommended that students apply and return all necessary documentation as soon as possible to expedite financial aid offers.

Complete a Free Application for Federal Student Aid (FAFSA) before February 1st to be considered for federal and state grant assistance. Completing your FAFSA is free and provides you access to the largest source of financial aid to pay for college.

State Tech FAFSA school code
004711
